Welcome to this bonus. It's a short one, but the sentences are nevertheless nice and practical to use.

2. "I think you are really a girly girl. Such a sweet cute little thing that can be very naughty."

3. "You come across as tough, but you actually seem like a very sweet girl."

4. "I understand, you're in love and a little nervous because of that, that's good."

5. "I didn't expect our relationship to move so quickly. I thought we had to go on 3 more dates and then start kissing."

6. "Wow, you talk so fast. Calm down, I already like you, you don't have to try anymore."
